WORK EXPERIENCE

Java Internship
Six Phrase,intern   *Sep 2024 - Nov 2024*

- Gained hands-on experience in Java programming, object-oriented design principles, and developing basic console-based and GUI applications.
- Worked on mini-projects that involved core Java concepts such as classes, inheritance, polymorphism, and exception handling.

Python Development Intern
Slash Mark, Intern   *Apr 2024 - Jul 2024*

- Developed and optimized Python scripts using Flask, Pandas, and built-in libraries for automation tasks.
- Built and tested REST APIs to support backend services and data exchange workflows.
- Applied exception handling and logging to ensure error-resilient code in production scripts.

PROJECTS

- **PureClick Walls - Mobile Wallpaper Application**, Developed a cross-platform mobile wallpaper application using React Native and TypeScript. Implemented native Android APIs for direct wallpaper setting and file system operations. Built APK using Expo EAS Build for production deployment. Designed intuitive UI with curated wallpaper collections and seamless download functionality, demonstrating proficiency in mobile development and native platform integration.
- **QuickCV - Resume Builder Web Application**, Built a responsive web application for creating professional resumes using React.js, Vite, and Tailwind CSS. Implemented real-time live preview with side-by-side editing interface for seamless user experience. Designed clean, modern UI without authentication requirements to ensure accessibility. Utilized Vite for fast development and optimized build performance. View Live!
- **Personal Portfolio Website**, Designed and developed a fully responsive portfolio website using React.js and Tailwind CSS. Integrated EmailJS API for functional contact form with email notifications. Implemented modern UI featuring glassmorphism effects, gradient animations, and smooth scroll behavior using AOS library. Optimized for mobile and desktop viewing with responsive design principles. View Live!

CERTIFICATIONS

- Scrimba – HTML and CSS Link
- IBM – Introduction to SQL Link
